

# Wellbeing of Women: Active grants

## Research project grants

### 2020

Dr Francesco Colucci, University of Cambridge: NK cell regulation in ovarian cancer – a potential immunotherapeutic target?

£28,112 over 24 months

Dr Ashley Boyle, University College London: Immunomodulation therapy for the prevention of infection-associated neonatal morbidity

£197,931 over 30 months

Dr Rachel Kearns, University of Glasgow: Effects of public health policy on maternal lifestyle choices and offspring health outcomes - A population-based linkage study

£198,292 over 36 months

Dr Patricia Roxburgh, University of Glasgow: PARP Inhibitor Resistance Study (PAIRS)

£447,279 over 51 months

### 2019

Dr Heather Garthwaite, University of Sunderland: Feasibility cohort study: Serum mid-luteal progesterone versus ultrasound for monitoring first-cycle clomifene citrate

£4,800 over 18 months

Dr Shuby Puthussery, University of Bedfordshire: Enhancing antenatal care uptake in an ethnically diverse socially disadvantaged maternal cohort: a retrospective study to develop an intervention

£98,896 over 20 months

Professor Nicola Robertson, University College London: CAMELLIA study: Cooling And MELatonin in LPS-sensitized Birth Asphyxia

£255,325 over 15 months

Professor Zarko Alfirovic, University of Liverpool: Extremely Preterm Prelabour Rupture of the Membranes – a UK Obstetric Surveillance System National Cohort Study

£23,536 over 24 months

Dr Claire Hardy, Lancaster University: Menopause in the workplace: A multicentre investigation into the implementation and evaluation of an evidence-based menopause in the workplace toolkit (MENO-kit)

£161,751 over 36 months

### 2018

Dr Susana Banerjee, Royal Marsden NHS Foundation Trust: Improving outcomes in older women: Feasibility of frailty assessment and implementation of protocol-led geriatric interventions in women over the age of 70 with relapsed epithelial ovarian cancer in the oncology clinic (FAIR-O)

£176,277 over 36 months

Dr Jane Cleal, University of Southampton: Functional gene mapping of the endometrial phenotype involved in successful and unsuccessful pregnancy: combining 3D imaging and single cell transcriptomics

£192,724 over 36 months

Professor Dharani Hapangama, University of Liverpool: The EXPEDITE study: metabolomics and cytokine profile analysis in biofluids to develop a non-invasive diagnostic test for ectopic pregnancy

£197,039 over 36 months

Professor Molly Stevens and Professor Richard Smith, Imperial College London: A Bioengineering Approach for Treating Intrauterine AdhesionS and Helping Endometrial Regeneration (BeAT AsHER)

£199,267 over 36 months

## 2017

Dr Stamatina Iliodromiti, Queen Mary University of London: Association of birthweight with perinatal, childhood and maternal outcomes: A population based linkage study

£129,549 over 24 months

## Postdoctoral Research Fellowships

### 2021

Dr Nicola Tempest, University of Liverpool: Personalising treatment for women with recurrent implantation failure through characterising region-specific endometrial abnormalities

£29,400 over 30 months

Dr Rosalind Aughwane, University College London: Investigating MRI markers of placental function derived from a multiparametric computational model of placental perfusion in a cohort of early onset Fetal Growth Restricted pregnancies

£29,961 over 36 months

### 2020

Dr John Allotey, University of Birmingham: Early pregnancy risk factors for stillbirth: An Individual Participant Data meta-analysis

£10,560 over 18 months

Dr Elaine Leung, University of Birmingham: Elucidating the influence of CCL21 on immunotherapies for ovarian cancer

£30,000 over 30 months

Dr Sarah Kitson, University of Manchester: PRECISION-Predicting Risk of Endometrial Cancer In aSymptomatiC wOmeN

£29,500 over 36 months

### 2019

Dr Kate Navaratnam, University of Liverpool: Maternal pharmacokinetics and pharmacodynamics of benzylpenicillin for prevention of early onset neonatal group B streptococcal infections

£29,888 over 36 months

Dr Roseanne Rosario, University of Edinburgh: Pathogenesis of Fragile X-associated premature ovarian insufficiency

£26,247 over 24 months

## 2018

Dr James Harris, University College London Hospital: Developing an understanding of maternity healthcare professionals responsiveness to help-seeking behaviours from maternity service users

£11,742 over 18 months

## Research Training Fellowships

### 2021

Ms Joanne Cull, University of Central Lancashire: EMpowering Pregnant women Affected by Trauma HistorY (EMPATHY): a critical participatory action research study

£254,034 over 36 months

### 2020

Dr Samar Elorbany, Queen Mary University of London – Barts Cancer Institute: Characterization of the effect of chemotherapy on tumour immune cells in high-grade serous ovarian cancer (HGSOC)

£239,325 over 24 months

### 2019

Dr Varsha Jain, University of Edinburgh: Determining the endometrial phenotype of women with abnormal uterine bleeding

£249,991 over 36 months

## Entry Level Scholarships

### 2021

Miss Sara Cumming, University of Dundee: Exploring homeless women's experiences of pregnancy whilst in temporary accommodation

£17,742 over 12 months

Dr Melanie Nana, King's College London: Micronutrient deficiency in women with severe hyperemesis gravidarum

£19,676 over 12 months

### 2020

Miss Anna Marsh, Bournemouth University: Bridging the gap? An exploration of Midwives' and Women's' use of social media

£19,984 over 12 months

Mrs Shona Shinwell, University of Dundee: The experiences and support needs of pregnant women who have had a previous child removed from their care, and of midwives who care for them.

£18,376 over 12 months

Dr Narthana Ilenkovan, University of Sheffield: Determining the Molecular Landscape of Low Grade Serous Ovarian Carcinoma

£19,477 over 12 months

## **Harris-Wellbeing Centres**

**2015**

Professor Zarko Alfirovic, University of Liverpool: Harris-Wellbeing Preterm Birth Centre

£1,000,000 over 60 months
